

# West Earlham Infant and Nursery School

## Welcome Back

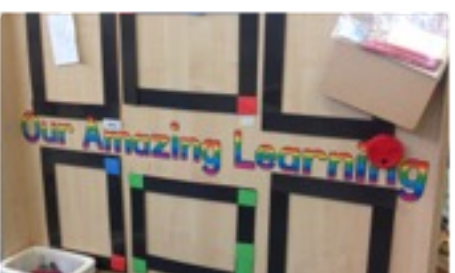

### Environments

“There are three teachers of children; adults, other children, and their physical environment”

#### Loris Malaguzzi

We hope you have noticed how hard staff have worked over the summer to create inviting, engaging and creative spaces for our learners. Spaces where children want to explore and discovery, spaces that encourage children to extend their knowledge and spaces that challenge children creativity and exploration.

Please support children in taking care of and respecting these spaces across school.

At the end of last year families were given a letter that reminded them of conducted expected of them around school.

We have both a responsibility and moral duty to ensure that school is a safe and inviting place for learning and a legal duty to ensure that this is carried out.

Entry to school premises is not a right as it is a public building. Adults that threaten the smooth running of school by being abusive, openly or covertly hostile, or making it difficult to do our jobs will be challenged.

We always try hard to work with families and to give support and have lots of brilliant success stories that celebrate this. However as a school we will also prioritise the needs of children.
