

Friday 12th February 2021

Dear Families,

Testing positive over the February Half Term Holiday - Please read the following very carefully

School is required to contact trace any positive test result, if a child or adult in school was first symptomatic within 48 hours of being in school.

If your **child's symptoms** start **before 3.30pm on Friday 12th February**, please get them **tested immediately**. If the test is positive please email the school covid@weins.co.uk (This email account will not be monitored after Wednesday 17th February).

Please include the following information:

1. Child's name
2. Confirmation of a positive test
3. Date your child was tested
4. Date and time of first symptoms
5. Date your child was last at school/nursery

We may call you to verify the information. Once a child's contacts have been verified and risk assessment completed, we will text those contacts to advise on self-isolation procedures. All families should therefore check their **phone daily, up to 18th February** for contact from school. We will not be able to respond to questions during this time and will direct parents to PHE for advice. Close contacts of a positive test result, are required to self-isolate for 14 days, starting from their last contact with the school.

If your child becomes symptomatic **AFTER 3.30pm** on Friday 12th February, **DO NOT** contact the school.

Kind regards

Mrs Mardell
Head Teacher
