Negative PCR test in Saplings PM- Saplings & Seedlings classes reopening from Tuesday 29th June

Dear Families,

Last Thursday am, we were notified of a **positive LFT in Saplings pm**. Guidance from the Local Authority Outbreak Management Team was to immediately close the class and notify all close contacts to self isolate, whilst waiting for the result of a PCR.

Usually a positive LFT means a positive PCR. However, on this occasion, the PCR has come back **negative**. **PCRs** are much more **accurate** than LFTs, so with this information and further advice from the Local Authority Outbreak Management Team, we are now able to reopen Saplings and Seedlings class from tomorrow **Tuesday 29th June**.

I apologise for the inconvenience caused over the last few days, but as a school we continue to work with the information we receive and the advice from the local authority and national government.

Yours sincerely

Sarah Mardell (Mrs)

Head Teacher
