- 2. Feeling Faces activity**

We looked at the feeling faces and sorted them into uncomfortable and comfortable feelings. I asked the school council members what might happen in school to make you feel comfortable/happy and what might happen to make you feel uncomfortable/unhappy/angry and how could the school or people in school help to make you feel better. I asked them what the school could improve.

The school council members gave some lovely answers, especially for happy feelings.

- 3. Ideas for school events which involve families? Ideas for fundraising?**

We did not have time for this agenda item as the Feelings Faces activity took longer than expected.

**Next meeting will be held week beginning 06/11/23**
